Federal and State Certifications, Licensing & Bonding

JND Thomas Company, Inc., is an 8(a) Hispanic owned certified Small Disadvantaged Business (SDB). We are also state certified as a Minority Business Enterprise (MBE) in California and also as Disadvantaged Business Enterprises' (DBE's) in California, Texas and Florida. JND has GC licensing in California, Florida & Oregon. Our current bonding capacity is \$5 mil/project, \$15 mil/aggregate.

Nationwide General Construction Services

JND Thomas Company is headquartered in Riverdale, CA with a second regional SBA "bona fide" office in Orlando, FL and a third regional location in Birmingham, AL. All three locations have business development and operational professionals onsite to provide the following specialized general construction services nationwide to government and commercial clients:

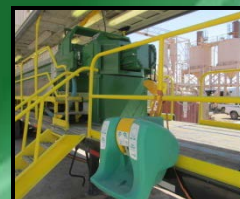

- Maintenance dredging and dewatering services for environmental restoration and/or remediation of commercial inland water projects.
- MSHA certified industrial and mining support services for all phases of general construction including retrofitting, tank cleaning, reclamation or other related works.
- General contracting services specializing in concrete, masonry and steel structure trades.

Solid Experience and "Self Performing"

JND Thomas Company has over thirty-two years of experience in general construction. Unlike many 8(a) firms which rely on subcontractors and rental companies to provide the majority of their project resources, JND Thomas owns its equipment and maintains a full time workforce of trained professionals to "self perform" its clients projects.
